Meeting Date: February 28, 2006

Department: Sheriffs Department **Contact:** Darren P. White, Sheriff

TITLE: IES Milo Range Use of Force Simulator Unit, Software and Supporting Accessories.

ACTION: Motion to:

1. Award of RFP #06-06-MR to IES Interactive Training for a Use of Force Simulator Unit and software and supporting accessories in the amount of \$125,000.00.
2. Approve the Agreement with IES Interactive Training for the Use of Force Simulator Unit.

SUMMARY:

The Purchasing Department opened proposals for a Use of Force Simulator Unit on November 23, 2005. Two (2) proposals were received and evaluated by the evaluation committee who recommend award to IES Interactive Training. A summary of committee activities is attached as Exhibit 1.

Over the last 17 years, the Sheriff Department has been relying on the Albuquerque Police Department for the use of its simulator system. During the 2005 Legislative Session, Representatives Justine Fox-Young and Eric Youngberg sponsored capital outlay requests resulting in award of \$125,000 appropriation to the County (05-L-G-242), for the purchase of this simulator. The simulator, to be located at the Sheriff Department's Regional Academy, is a use of force system that allows the Sheriff Department's Academy cadets and current deputies, to practice and refine their deadly force and less lethal decision making options in a realistic, dynamic, and structured environment. The purchase of this system will allow the Sheriff Department to increase and improve the training regimen of its deputies and as a result, provide more effective service to the community.

The Sheriff Department continues to seek alternative funding sources for projects such as the Use of Force Simulator Unit. This Unit will provide the department with an alternative training component for the deputies. I recommend Board approval. TL 2/17/06

DEPUTY COUNTY MANAGER FOR PUBLIC SAFETY

Use of force is an important law enforcement tool and when necessary it is critical that it is used correctly, lives depend on it.
